# Preface

This document presents the ICD-10-CA diagnosis and CCI intervention codes that are used to assign inpatient cases using the Case Mix Group+ (CMG+) and HBAM<sup>i</sup> Inpatient Group (HIG) grouping methodologies for the 2018 grouping cycle (2018, 2019 and 2020).

The classification codes used for the assignment of HIG groups is presented after each CMG+ code table.

The document is updated every CMG+ grouping cycle. The next update will be for the CMG+ 2021 grouping cycle.
