Ottawa, ON: CIHI; 2025.

Cette publication est aussi disponible en français sous le titre *Codes de langue de l'ICIS*.

This CIHI standard language code pick-list is a subset of the current ISO 639-3 standard and is based on Statistics Canada language groups. It includes unique language codes that are relevant to Canada. Also included in this list are 2 codes — oth (other) and unk (unknown) — that are not in the ISO standard but are a CIHI standard. Please send any questions or comments about this document to [masterdata@cihi.ca](mailto:masterdata@cihi.ca).

| Code       | English name of language | French name of language      | Macrolanguage | Alternate name of language (if applicable) | First Nations, Inuit and Métis languages used in Canada |
|------------|--------------------------|------------------------------|---------------|--------------------------------------------|---------------------------------------------------------|
| <b>prs</b> | Afghan Persian, Dari     | dari                         | —             | —                                          | —                                                       |
| <b>afr</b> | Afrikaans                | afrikaans                    | —             | —                                          | —                                                       |
